

TRAINING

14.3 AUTHORIZED AMMUNITION PURCHASES

- A. Purpose:** This directive provides ordering information for purchasing ammunition for U.S. Marshals Service (USMS) weapons and authorized off-duty weapons used by operational employees and Court Security Officers for weapons qualification and training.
- B. Authority:** The authority to issue this directive concerning the purchase of ammunition is set forth in the Justice Acquisition Regulations Part 2801.601(a) (8), (b) and (c).
- C. Policy:** The Procurement Office will publish the ammunition supply information in consultation with the USMS Training Academy. This document lists ammunition the USMS approves for purchase, along with vendor and contract information. Districts and divisions may only purchase approved ammunition for duty, qualification or training.
- D. Procedures**
1. See ammunition supply information for the U.S. Marshals Service ammunition and ordering information.
 2. From the vendor matrix find the desired ammunition and purchase it according to the instructions.
- E. Responsibilities:** The Procurement Office, with the Training Academy's assistance, is responsible for revising this directive.
1. Firearms instructors may only obtain authorized ammunition from designated vendors. Ammunition not authorized for use by field personnel (i.e., Special Operations Group ammunition) may not be purchased. Approval for all purchases must be obtained by the Chief Deputy or U.S. Marshal at the district level, or the Assistant Director at the division level.
 2. To request ammunition not listed in this ammunition supply information, submit a USM-157 to the Deputy Director for written approval. On the form include a detailed reason why the ammunition is needed, stating the adverse impact on operational performance if it is not obtained.
- F. Ordering Instructions for Using Other Government Ammunition Contract:** The following rules apply to all delivery orders issued citing government contracts:
1. No single purchase of ammunition requires competitive quotes because it is a delivery order under a competitively awarded indefinite-delivery, indefinite-quantity contract.
 2. Ammunition purchases under a government contract using the government-issued MasterCard are subject to contractor approval. Delivery orders exceeding \$2,500 require an OF-347, Order for Supplies or Services, to be issued, indicating that payment will be made by MasterCard.
 3. Open-market purchases using the government-issued MasterCard can only be made for orders of less than \$2,500.
 4. Delivery is FOB destination (the contractor pays the shipping costs) for all 48 contiguous states and Alaska. For shipment to Guam, Hawaii, Northern Mariana Islands, Puerto Rico and Virgin Islands, the shipment will be FOB origin (the government must pay the shipping costs).

5. When ordering ammunition, the unit of issue (see rounds per case for each contractor) should be ordered in whole, not partial, cases (i.e., 1,000 rounds = 1 case, not 1-1/2 cases).
6. State in each delivery order the time (local daylight or standard) deliveries may be received at the destination.
7. Each order must contain an address where the USMS will receive and accept delivery.
8. Each order must include the name and telephone number of a contact person at the delivery site.
9. Inside delivery must include the following statement: "Delivery Within Consignee's Premises."
10. The delivery order must include the floor and room number(s). This service is in addition to any other applicable charges and is paid by the ordering office.

G. Ordering Instructions for "Open-Market" Ammunition: There are several ammunition types not available under another agency's contract must be purchased on an open-market basis. The USMS Procurement Office has provided the most current prices for that ammunition. Nevertheless, ordering offices should confirm prices with contractors before placing their orders.

1. Any order above \$2,500 placed with a contractor must be awarded competitively on an OF-347 form, if not, a written sole-source justification must be included in the USM-248, Purchase/Delivery Order Folder.
2. Before placing an order verify with the contractor that he or she accepts MasterCard.

Note: The annual ammunition inventory is to be verified for accuracy by the Chief Deputy U.S. Marshal or the U.S. Marshal on the form USM-335, Ammunition Inventory Register by October 1.

- Each DUSM is entitled to 500 rounds / annually for practice.
- Only the Special Operations Group may purchase and use "specialty" ammunition.
- Non-contract items or open-market pricing is noted above and is subject to price changes. Confirm contractor prices at the time of order. Depending on the quantity ordered, shipping may be paid by vendor. Prices for contract items are indicated and are updated annually.

--	---	--	--	--

* USMS authorized ammunition is limited to the items listed above. Ammunition that was authorized during a prior ammunition supply letter will remain authorized until it is exhausted. All future orders are to come from the current USMS sources. *For use on courses requiring steel targets, you may contact the Academy's armorer for assistance obtaining frangible ammo.*

*** Only ammunition that is purchased & issued by the USMS shall be authorized for use. Ammunition that has been personally purchased may not be deployed.**

* **Applicable contracts are noted in parentheses with each item.** Non-contract items are considered "Open Market Bid" (OMB) pricing & may be subject to price changes - confirm price at the time of order. Dept. of Interior (DOI) pricing is updated each FY. Depending on quantity ordered, shipping may be paid by vendor. Pricing for contract items include shipping and are updated annually. Instructions for ordering ammunition, (furnished by USMS Business Services Division - Procurement branch, Ammunition Supply Letter), shall be the purchasing guideline.

* **In addition to qualification, each DUSM is entitled to 500 rounds annually for practice.**

For additional details regarding ammunition information, please contact the following vendor web sites:

www.le.atk.com (Federal Cartridge & AAI / Speer products)

www.remingtonle.com (Remington Cartridge products)

www.winchester.com/lawenforcement (Olin-Winchester products)

** Please seriously consider setting a goal of keeping a two year supply of ammunition on hand to prevent the consequences of rising prices & potential manufacturing and delivery delays.*

NOTES:

** Prices for raw materials used to manufacture ammunition are changing frequently making it necessary to confirm prices for most non-contract items. For Remington brand products, please reference the quote numbers listed below.*

Most **Olin-Winchester** products are on Dept. of Interior (DOI) contract, revised Oct. 2008 for FY 2009.

Federal Bureau of Investigation contract "**J-FBI-08-094**" .40S&W caliber bonded duty round. ***It scored the highest of any prior tested .40S&W caliber cartridge, using the FBI test protocol.*** First year begins 11/14/07 thru 11/13/08, with 4 potential option years. The cost of inside delivery may not be included on the FBI contracts. FBI's 9mm x 19mm contract "**J-FBI-08-104**" First year option begins 01/28/08-01/27/09, with a four potential option years.

Remington's law enforcement representative Donna Mabe provided price quote (# SPA 9599) Feb. 19, 2009. *Prices in chart reflect a single case quantity.* All prices are "OMB" / non-contract. **Effective immediately**; ALL .40S&W caliber and .223 caliber ammunition may require a minimum 120 - 150 day delivery time and a PARTIAL of any orders placed is automatic. Payment Terms: Net 30 days. Shipping Terms: No shipping / freight charges if order is 5 or more cases (any mix).

***PRICES EFFECTIVE: Immediately / through 12/31/09. Payment Terms: Net 30 Days, *Freight: Prepaid CONUS; Minimum qty 5 case (any mix)**

All products shown above are quoted from the Remington's Government Sales Directorate confidential price, list effective: FEBRUARY 06, 2009. All prices are subject to review and/or revision when there is a published price list increase or change.

To place order: **Forward purchase order via fax (336) 548-8798, or contact Customer Service Rep @ (800) 852-7634.** Please refer to Quote Ref. # SPA 9599 to ensure order items and prices are firm.

Should you have questions, please contact the appropriate Sales personnel as shown below.

- Payment "REMIT TO": REMINGTON ARMS COMPANY, INC.
