SECTION B - SUPPLIES OR SERVICES AND PRICES/COSTS**B.1 Schedule of Services**

Comprehensive detention services will serve an estimated population of male 96 prisoners principally consisting of individuals charged with federal offenses and detained while awaiting trial or sentencing.

The base period of performance for the contract will be:

Base Period: January 2007 to October 31, 2008
Option 1: November 1, 2008 to October 31, 2010
Option 2: November 1, 2010 to October 31, 2011
Option 3: November 1, 2011 to October 31, 2013
Option 4: November 1, 2013 to October 31, 2015
Option 5: November 1, 2015 to October 31, 2017
Option 6: November 1, 2017 to June 30, 2019

Contract will be fixed-price contract with economic price adjustment which will provide for upward and downward revision of the stated contract price upon the occurrence of specified contingencies.

For each performance year of the multi-year contract, the Government will notify the contractor that funds are available for performance no later than the first day of the following option year. If the contractor is not notified funds are available, cancellation of the contract will occur within 60 days of the following option period.

Accordingly, these contracts subject to cancellation in the event funds are not available. The cancellation ceiling for this contract is 15% of one year's performance.

Pricing Structure: For purposes of this solicitation, CCA must submit a facility biography. The Bio Sheet at a minimum should contain the following information:

Facility Description
Rated or Operating Capacity
Current Client and Scope of Work for that Client
Staffing Breakdown
Accreditations
Proposed Federal Per-Day Rate

The Fixed Monthly Payment established by this contract shall be considered a firm-fixed-price and is not subject to adjustment on the basis of the contractors actual cost experience in providing the service.

The Fixed Monthly Payment will be re-determined upward or downward based on changes in the Consumer Price Index for All Urban Consumers (CPI-U), as reported by

the BLS, over the proceeding twenty-four months. Program data and summary statistics are available on the BLS web site, located at <http://www.bls.gov/cpi/home.htm#overview>.

Price re-determination periods: For the purpose of price re-determination, performance of this contract is divided into successive periods. The first period shall extend from the date of the contract to October 31, 2008 and the second and each succeeding period shall extend for 24 months from the end of the last preceding period. The first day of the second and each succeeding period shall be the effective date of price re-determination for that period. The re-determined price will issue by the Government as unilateral modification, no later 15 days prior to end of the period.

Base CPI: West Urban – August 2006 – 207.5.

C.1 Back ground

Federal detention is a large component of criminal and immigration case processing by the U.S. Marshals Service (USMS) and, U.S. Immigration and Customs Enforcement (ICE), Department of Homeland Security (DHS). Law enforcement initiatives and increases in illegal immigration to the United States have created a complex detention program that the Department of Justice (DOJ) must effectively manage with available detention resources or acquire additional resources to meet increasing demands.

In response to the increasing concern regarding federal detention, the Office of the Federal Detention Trustee (OFDT) was established by a Congressional directive to exercise all power and functions authorized by law relating to the detention of federal prisoners and illegal aliens. Accordingly, OFDT leads the development of DOJ detention policy and manages federal detention resources to maximize available detention space.

Currently, non-federal detention bed space for federal detainees and prisoners is acquired through Intergovernmental Agreements (IGA's), where a daily rate is paid to state and local governments, and facility-specific contracts with private service providers. The Department of Justice Appropriations Act for 2001 (Public Law 106-553) is designed to allow for the use of non-traditional contract vehicles when acquiring detention and other related services. This authority states:

“Sec. 119 - Notwithstanding any other provision of law, including section 4(d) of the Service Contract Act of 1965 (41 U.S.C. 353(d)), the Attorney General hereafter may enter into contracts and other agreements, of any reasonable duration, for detention or incarceration space or facilities, including related services, on any reasonable basis.”

In an effort to operate in the most effective way and receive the maximum benefit of Section 119 to meet the Government's current and future goals, and acquire additional resources, OFDT desires to award long-term detention services contract to Corrections Corporation of America (CCA) for detention services at the Crossroads Correctional Center, Shelby, Montana.

C.2 Services Required

CCA will provide, by the terms and conditions identified in this contract, all necessary personnel, equipment, materials, supplies, and services for the management of comprehensive detention services, which include, but are not limited to, security, medical services, food service, safety, and sanitation.

These comprehensive detention services shall provide for the safe, secure, and humane confinement for a population principally consisting of prisoners or detainees charged with federal offences' and detained while awaiting trial or sentencing, a hearing on

immigration status, or deportation. Services are to be provided at the Crossroads Correctional Center.

Contractor performance shall be in accordance with the most current editions of the Federal Performance-Based Detention Standards (FPBDS), ICE Detention Requirements, American Correctional Association (ACA), Standards for Adult Local Detention Facilities (ALDF), and Standards Supplement, Standards for Health Services in Jails, latest edition, National Commission on Correctional Health Care (NCCHC).

Some ACA standards are augmented by DOJ, USMS, OFDT, and/or DHS/ICE policy and/or procedure. In cases where other standards conflict with DOJ/USMS/OFDT /DHS/ICE Policy or Standards, DOJ/USMS/OFDT/DHS/ICE Policy and Standards prevail.

All services and programs shall comply with this Performance Work Statement (PWS); the U.S. Constitution; all applicable federal, state, and local laws and regulations; applicable Presidential Executive Orders (E.O.); all applicable case law; and Court Orders. Should a conflict exist between any of the aforementioned standards, the most stringent shall apply. When a conflict exists and a conclusion cannot be made as to which standard is more stringent, the Contracting Officer (CO) shall determine the appropriate standard. The Contractor shall comply with DOJ, DHS, ICE, USMS regulation, Congressional mandate, federal law or E.O. Should the government invoke such changes, and the Contractor retains rights and remedies (i.e., equitable adjustment) under the terms and conditions of the contract.

The CCA will:

- Provide a means for verification of their credentials and ACA accreditation.
- Operate in full and complete compliance of the Federal Performance-Based Detention Standards as defined. Those standards are available at <http://www.usdoj.gov/ofdt/index.html>.
- Operate in full complete compliance with Montana State laws, regulations, and 1996 Operation and Management Services Contract, as amended between CCA and the Montana Department of Corrections (Section J, Attachment #1).

C.2.1 Standard Receiving and Discharge of Federal Prisoners/Detainees: The contractor agrees to accept federal detainees only upon presentation by a law enforcement officer of the Federal Government with proper agency credentials and shall not relocate a federal detainee from one facility under its control to another without the permission of the Federal Government.

Contractor shall only release federal prisoners/detainees only to law enforcement officers of the Federal Government agency initially committing the detainee (i.e., DEA, ICE, etc.) or to a Deputy United States Marshal (USM). Those detainees who are remanded to custody by a USM may only be released to a USM or an agent specified by the USM of the Judicial District.

Federal prisoners detainees sought for a state or local court proceeding must be acquired through a Writ of Habeas Corpus or the Interstate Agreement on Detainers and then only with the concurrence of the Federal Government.

C.2.2 Records Management: All records related to contract performance should be retained in a retrievable format for the duration of the contract. Except as otherwise expressly provided in this PWS, the Contractor shall, upon completion or termination of the resulting contract, transmit to the Government any records related to performance of the contract.

The Contractor shall comply with all statutes, regulations, and guidelines from the National Archives and Records Administration. Records and information management functions are required and mandated by the following regulations: 44 U.S.C., 21, 29, 31, and 33; 36 CFR 12; 41 CFR 201 subchapters A and B; OMB Circular A-130; and DOJ Order 2710.8A, Removal and Maintenance of Documents. Criminal penalties for unlawfully destroying, damaging or removing federal records are addressed in 18 USC 2071, 793, 794, and 7989.

C.2.3 Indemnification: The Contractor shall protect, defend, indemnify, save, and hold harmless the United States Government, the DOJ and its employees or agents, from and against any and all claims, demands, expenses, causes of action, judgments and liability arising out of, or in connection with, any negligent acts or omissions of the Contractor, its agents, sub-contractors, employees, assignees, or any one for whom the Contractor may be responsible. The Contractor shall also be liable for any and all costs, expenses, and attorneys' fees incurred as a result of any such claim, demand, and cause of action, judgment or liability, including those costs, expenses, and attorneys' fees incurred by the United States Government, the DOJ and its employees or agents. The Contractor's liability shall not be limited by any provision or limits of insurance set forth in the resulting contract.

In awarding the contract, the Government does not assume any liability to third parties, nor will the Government reimburse the Contractor for its liabilities to third parties, with respect to loss due to death, bodily injury, or damage to property resulting in any way from the performance of the contract or any subcontract under this contract.

The Contractor shall be responsible for all litigation, including the cost of litigation brought against it, its employees or agents for alleged acts or omissions. The Contracting

Officer shall be notified in writing of all litigation pertaining to this contract and be provided copies of any pleadings filed or said litigation within five (5) working days of receipt of service. The Contractor shall cooperate with government legal staff and/or the United States Attorney regarding any requests pertaining to federal or Contractor litigation.

C.2.4 Transportation : CCA is responsible for the movement/transportation of all prisoners designated to the institution within the State of Montana. Examples of circumstances requiring prisoner movement/transportation include, but are not limited to: outside medical care; transfer or movement to/from other Government facilities; and airlift sites. The contractor's transportation procedures shall ensure staff and prisoner security and safety. The contractor shall utilize restraint equipment identical to the USMS when one-for-one equipment exchange is required (e.g., airlifts).

Transportation and escort guard services will be performed by (b) (7)(E) qualified detention or correctional officer personnel employed by CCA under their policies, procedures, and practices of the State of Montana. CCA agrees to augment such practices as may be requested by the USMS to enhance specific requirement for security, prisoner monitoring, visitation, and contraband control.

Specific services CCA agrees, upon request of the USMS in whose custody a prisoner is held, to provide:

- 1) Transportation and escort guard services for federal prisoners housed at their facility to and from a medical facility for outpatient care;
- 2) Transportation and stationary guard services for federal prisoners admitted to a medical facility;
- 3) Transportation and escort guard services for federal prisoners housed at their facility to and from the U.S. Courthouse¹;
- 4) Transportation and escort guard services for federal prisoners housed at their facility to and from the Justice Prisoner and Alien Transportation (JPATS) airlift sites.
- 5) Transportation and escort guard services for federal prisoners housed at their facility to and from other Government facilities housing federal prisoners within the State of Montana.

¹ CCA will not transport federal prisoners to any U.S. Courthouse without a specific request from the USM who will provide the prisoner's name, the U.S. Courthouse, and the date the prisoner is to be transported. Upon arrival at the courthouse, transportation and escort guard will turn federal prisoners over to Deputy U.S. Marshals only upon presentation by the deputy of proper law enforcement credentials;

- 6) Transportation and escort guard services for federal prisoners requiring transport to or from other Government facilities along the same transportation route of a scheduled trip within the State of Montana.

C.2.5 Medical Services: CCA is financially responsible for all medical treatment provided to federal detainees within the facility. CCA shall provide the full range of medical care required within the facility including dental care, mental health care, pharmaceuticals, and record keeping, as necessary to meet the essential standards of the National Commission of Correctional Health Care's Standards for Health Services for Prisons (current edition).

CCA will submit to the USMS requests for approval of all treatment to be provided outside the facility. The USMS shall be responsible for the cost of approved outside medical treatment.

In the event of an emergency, CCA shall proceed immediately with necessary medical treatment. In such event, CCA shall notify the USMS immediately regarding the nature of the federal detainee's illness or injury, type of treatment provided, and the estimated cost thereof.

CCA shall promptly forward medical invoices for outside medical care to the USMS within 30 days of receipt.

The facility shall have in place an adequate infectious disease control program, which includes testing all prisoners at the facility for Tuberculosis (TB) as soon as possible upon intake (not to exceed 14 days) and read within 72 hours. TB testing shall be accomplished in accordance with the latest CDC Guidelines and the results documented on the federal detainee's medical record. CCA shall immediately notify the USMS of any cases of suspected or active TB so that any scheduled transports or production can be delayed until a physician verifies the federal detainee's TB status.

When a federal detainee is being transferred and/or released from the facility, he will be provided with a seven (7) days of prescription medication which will be dispensed from the detention facility. When possible, generic medications should be prescribed. Medical records must travel with the federal detainee.

If the records are maintained at a medical contractor's facility, it is the detention facility's responsibility to obtain them before a federal detainee is moved.

C.2.6 Video Conferencing: Facility shall include video conferencing stations that permit prisoners and their attorneys to communicate in a secure manner which will preserve the confidentiality of the attorney-client relationship.

C.3 Quality Control Management

The Contractor is responsible for management and quality control actions necessary to meet the quality standards set forth in the contract. In compliance with the Federal Acquisition Regulation (FAR) Clause 52.246-4, Inspection of Services-Fixed Price, the Contractor must provide a Quality Control Plan (QCP) to the Contracting Officer no later than 60 days after contract award.

The plan must include:

- 1) A description of the methods to be used for identifying and preventing defects in the quality of service performed;
- 2) A description of the records to be kept to document inspections and corrective or preventive actions taken;
- 3) Records of inspection that must be kept and made available to the Contracting Officer, when requested, through the contract performance period and for the period after contract completion until final settlement of any claims under this contract.

C.4 Quality Assurance

The Government quality assurance is comprised of the various functions, including inspection, performed by the Government to determine whether a Contractor has fulfilled its contract obligations pertaining to quality. The Government's QA program is not a substitute for quality control by the Contractor.

Each phase of the services rendered under this contract is subject to Government inspection both during the Contractor's operations and after completion of the tasks. When the Contractor is advised of any unsatisfactory condition(s), the Contractor shall submit a written report to the CO addressing corrective/preventive actions taken. The Contracting Officer's Technical Representative (COTR) may check the Contractor's performance and document any non-compliance, but only the CO may take formal action against the Contractor for unsatisfactory performance.

The COTR will be designated subsequent to contract award and a delegation of COTR duties and authority will be furnished to the Contractor. The Government may reduce the Contractor's invoice or otherwise withhold payment for any individual item of nonconforming service observed as specified in Contractor's Failure to Perform Required Services. The Government may apply various inspection and extrapolation techniques to determine the quality of service and the total payment due.

C.4.1 Inspection by Regulatory Agencies: Work described in the contract, is subject to inspection by other agencies to include federal, state and local governments. The

Contractor shall participate in responding to all requests for information and inspection or review findings by regulatory agencies.

C.5 Performance Reviews

In accordance with the Federal Acquisition Regulations (FAR), subpart 37.601 Performance-based Acquisition, the Government must have a method of assessing contractor performance against performance standards. Further, the contract specifies procedures for reductions to the price of a fixed-price contract when services are not performed or do not meet contract requirements. This Performance Summary establishes the performance level required by the Government to meet the contract requirements.

The following methods of surveillance may be used in the assessments of contract performance:

- A) **Systematic**: These reviews will be scheduled inspections focusing on a specific discipline. Assessments may be performed by Government monitors or by other parties designated by the Government.
- B) **Ad-Hoc**: These reviews will be conducted as a result of special interests arising from routine monitoring of the contractor's quality control system an unusual occurrence pertaining to the contract or other Government concerns.

C.6 Performance Ratings

The contract requirements are divided into various disciplines, each of which has a number of key functions. Successful performance of a key function is essential for successful performance of the related discipline. Each discipline comprises a specific percentage of the overall contract requirement. Reductions in contract price will be based on these percentages applied to the overall monthly invoice.

At the conclusion of any review, a report will be written and an adjectival rating of contractor performance within each discipline will be assigned. The following rating system will be used:

Excellent: The program conforms to the FPBDS in an exceptional manner and conformance is maintained with exceptional internal controls. Policies and procedures for achieving the program standards are documented and adequate for the mission of the facility; the policies and procedures are communicated to staff; the policies and procedures are fully implemented; and the desired outcome is achieved. Level of performance in the aggregate exceeds the minimum performance standard by substantial margin; deficiencies are nonexistent or extremely minor.

Good: The program conforms to the FPBDS in an acceptable manner. Internal controls limit procedural deficiencies. The facility more than accomplishes the requirements of program standards. Level of performance in the aggregate meets the performance standard: deficiencies are minor and offset by outstanding elements of performance within the review guideline.

Acceptable: The program is meeting the requirements of the FPBDS. There are no breakdowns that would keep the program from continuing to accomplish the mission of the facility. Level of performance in the aggregate meets the performance standards; deficiencies are minor and there are no outstanding elements of performance present within the review guideline.

Deficient: The program is unable to meet the requirements of one or more of the FPBDS. Internal controls are weak, resulting in serious deficiencies in one or more areas. The level of performance in the aggregate fails to meet the performance standards: deficiencies are pervasive.

At-Risk: Operation of the program is impaired to the point that the facility is unable to accomplish its mission. The program is unable to meet the requirements of the FPBDS and is unlikely to meet those requirements in the foreseeable future without substantial corrective action. The level of performance in the aggregate fails to meet the performance standards: deficiencies require immediate corrective actions.

C.7 Performance Matrix

This Performance Matrix serves to communicate what the Government intends to qualitatively inspect. The matrix identifies:

- A. Each contract requirement and the key functions essential to successful performance of each contract requirement;
- B. Define the minimum performance rating acceptable for each contract requirement; and
- C. Specify the maximum percentage of total contract value attributable to each contract requirement.

SECTION E

INSPECTION AND ACCEPTANCE

E.1 52.246-4 INSPECTION OF SERVICES--FIXED-PRICE (AUG 1996)

(a) Definitions. "Services," as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

(c) The Government has the right to inspect and test all services called for by the contract, to the extent practicable at all times and places during the term of the contract. The Government shall perform inspections and tests in a manner that will not unduly delay the work.

(d) If the Government performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties.

(e) If any of the services do not conform to contract requirements, the Government may require the Contractor to perform the services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by reperformance, the Government may (1) require the Contractor to take necessary action to ensure that future performance conforms to contract requirements and (2) reduce the contract price to reflect the reduced value of the services performed.

(f) If the Contractor fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, the Government may (1) by contract or otherwise, perform the services and charge to the Contractor any cost incurred by the Government that is directly related to the performance of such service or (2) terminate the contract for default.

E.2 CONTRACTOR QUALITY CONTROL PLAN

The contractor shall develop, maintain and submit, in accordance with Section L of the PWS, a Quality Control Plan (QCP) delineating the contractor's quality control program/inspection system to monitor and control their performance of services required in order to meet the requirements of the PWS. The program/inspection system shall explain in detail how the contractor shall sustain the quality of providing Comprehensive Detention Services.

E.3 GOVERNMENT QUALITY ASSURANCE SURVEILLANCE PLAN

(a) The OFDT's Quality Assurance Surveillance Program (QAP) is based on the premise that the contractor, and not OFDT, is responsible for management and quality control actions to meet the terms of the contract. The QAP procedures recognize that the contractor is not a perfect manager and that unforeseen and uncontrollable problems do occur. Good management and use of an adequate Quality Control Plan will allow the contractor to operate within acceptable quality levels.

(b) In accordance with FAR 52.246-4, Inspection of Services--Fixed-Price, each phase of the services rendered under this contract is subject to OFDT inspection both during the contractor's operations and after completion of the tasks. When the contractor is advised of any unsatisfactory condition(s), the contractor shall submit a written report to the Contracting Officer (CO) addressing corrective/preventive actions taken. The OFDT's QAP is not a substitute for quality control by the contractor.

(c) The Contracting Officer's Technical Representatives (COTR) may check the contractor's performance and document any noncompliance, however, only the Contracting Officer may take formal action for unsatisfactory performance.

(d) The OFDT may reduce the contractor's invoice or otherwise withhold payment for any individual item of nonconformance observed as specified below in the Contractor's Failure to Provide Services Clause. The Government may apply various inspection and extrapolation techniques (i.e., 100 % surveillance, random sampling, planned sampling, unscheduled inspections, etc.) to determine the quality of services and the total payment due.

E.4 CONTRACTOR'S FAILURE TO PERFORM REQUIRED SERVICES

The rights of the Government and remedies described in this section are in addition to all other rights and remedies set forth in this solicitation. Specifically, the Government reserves its rights under the Inspection of Services and Termination Clauses. Any reductions in the contractor's invoice shall reflect the contract's reduced value resulting from the contractor's failure to perform required services. The contractor shall not be relieved of full performance of the services hereunder and may be terminated for default based upon inadequate performance of services, even if a reduction was previously taken for any inadequate performance.

E.5 FACILITY REVIEW (YEARLY)

The facility will be reviewed at least once every twelve months in accordance with the terms of the contract. Reviews will be done on more frequent basis if specified in the contract, or if a facility performance is found to be substandard.

(a) **Review Process** - A facility review will consist of five phases: pre-review preparation, on-site review, report production, review of conclusions, and follow-up review. If the facility has programs that receive "Deficient" or "At-Risk" performance ratings the facility will undergo a follow-up review phase. If all of the facility's reviewed programs are judged to be "Acceptable"

or better, the facility review will be closed after the facility has completed any specified corrective actions and action plans.

(b) Discovery of Deficiencies – The review team will investigate and report on any significant and relevant problems or areas needing improvement. Review team members will also examine the status and results of corrective actions implemented by the facility after recent reviews to determine whether the deficiencies have been remedied. A deficiency is defined as “a facility or facility administration problem or weakness noted by the review team that needs to be corrected.” In its broadest sense, a deficiency includes any condition needing improvement, but the term “deficiency” also can be used to describe:

- Deviations from policy or regulation
- Weaknesses in internal controls
- Lack of quality controls
- Failure to observe accepted standards of practice for a particular profession
- Lack of operating efficiency
- Failure to meet program objectives
- Nonconformance with a key standard within the Performance-Based Detention Standards

(1) For each deficiency in a program area discovered during the on-site review, the Review Team Coordinator will determine whether the deficiency is indicative of a significant finding (i.e., a glaring deficiency or pattern of deficiencies substantial enough to conclude that corrective action is required). In evaluating the seriousness, or materiality, of each deficiency, the Review Team Coordinator will consider the risk presented by the deficiency to the facility’s ability to effectively conform to the Performance-Based Detention Standards.

(2) If the Review Team Coordinator concludes that the deficiency is material enough to warrant a significant finding, the review team will collect and organize evidence of the deficiency in a manner that supports the significant finding and will investigate its causes and effects for inclusion in the facility review report. Each significant finding presented in the report will describe the deficient condition(s), provide one or more examples, explain why it is deficient, detail its existing and potential effects, suggest its probable cause, and identify required (binding) and recommended (non-binding) corrective action(s) to rectify the deficiency.

(3) Deficiencies deemed by the Review Team Coordinator to be insufficiently material to justify presentation, as one or more significant findings will be disclosed in a separate section of the facility review report. This separate section will include non-binding recommendations for corrective action that the contractor will be encouraged to implement. A contractor’s failure to implement a non-binding recommendation will not, by itself, cause the facility to receive a lower performance rating during its next facility review. However, if the facility exhibits worsening performance partly as a result of not implementing the recommended corrective action, it could earn a lower performance rating during the next review.

(c) Life-Threatening Conditions and Public Safety Concerns – Review team members will alert the Review Team Coordinator to any facility conditions that might pose a threat to detainees’ lives or compromise facility security to a degree that the lives of facility staff or the

public are endangered. The Review Team Coordinator, in turn, will investigate the condition further with review team members. If the Review Team Coordinator confirms the condition's severity, he or she will discuss it with the contractor as soon as possible, and will encourage the contractor to correct the condition before the on-site inspection is completed.

(d) **Fraud, Abuse, and Illegal Acts** – The review team will inform the Review Team Coordinator if it discovers any evidence of fraud, abuse, or illegal acts. The Review Team Coordinator will inform the contractor of these discoveries and will include descriptions of the offending activities in a special and prominent section of the facility review report.

(e) **Hindered Reviews** – Facility programs that cannot be adequately reviewed due to a lack of cooperation from facility staff, the staff's failure to adequately prepare for the on-site inspection, or by interference with the review itself will receive an "At-Risk" performance rating for each program that was inadequately evaluated. In these cases, the review team will attempt to evaluate all programs to the extent possible despite the hindrances. The review team will complete a review report that includes descriptions of the manner in which the review team was prohibited from completing proper program evaluation.

(f) **Cancellation of Reviews due to Unforeseen Circumstances** – Scheduled and confirmed facility reviews that cannot be conducted due to circumstances beyond the control of the facility staff or the review team (e.g., inclement weather that precludes review team travel, a staff medical emergency, etc.) will be rescheduled for the earliest possible date. The Review Team Coordinator will inform the contractor of the dates for the rescheduled review within 10 days of the original review's postponement. A contractor can request a facility review postponement by formally submitting this request to the Review Team Coordinator, along with an explanation of the circumstances justifying the cancellation. Facility review postponements and rescheduling will rarely occur. Each occurrence will be documented in the review file of the corresponding facility; this file will include a signed formal letter explaining why the postponement was needed.

(g) **Performance Ratings** - During a facility review, performance ratings will be assigned to the facility for each of the nine programs identified by the Performance-Based Detention Standards. The review team will use the following individual program performance ratings to assign an overall performance rating to the facility:

Excellent : The program conforms to the Performance-Based Detention Standards in an exceptional manner and conformance is maintained with exceptional internal controls. Policies and procedures for achieving the program standards are documented and adequate for the mission of the facility; the policies and procedures are communicated to staff; the policies and procedures are fully implemented; and the desired outcome is achieved. The level of performance in the aggregate exceeds the minimum performance standard by substantial margin; deficiencies are nonexistent or extremely minor.

Good: The program conforms to the Performance-Based Detention Standards in an acceptable manner. Internal controls limit procedural deficiencies. The facility more than accomplishes the requirements of program standards. The level of performance in the aggregate

meets the performance standards: deficiencies are minor and offset by outstanding elements of performance within the review guideline.

Acceptable: The program is meeting the requirements of the Performance-Based Detention Standards. There are no breakdowns that would keep the program from continuing to accomplish the mission of the facility. Level of performance in the aggregate meets the performance standards; deficiencies are minor and there are no outstanding elements of performance present within the review guideline.

Deficient: The program is unable to meet the requirements of one or more of the Performance-Based Detention Standards. Internal controls are weak, resulting in serious deficiencies in one or more areas. The level of performance in the aggregate fails to meet the performance standard: deficiencies are pervasive.

At-Risk: Operation of the program is impaired to the point that the facility is unable to accomplish its mission. The program is unable to meet the requirements of the Performance-Based Detention Standards and is unlikely to meet those requirements in the foreseeable future without substantial corrective action. The level of performance in the aggregate fails to meet the performance standards: deficiencies require immediate corrective actions.

(h) Review Conclusions:

(1) Review of Initial Review Report – The Review Board will examine the initial facility review report and the recommendations produced by the review team, and will furnish the Review Team Coordinator with any changes within 10 calendar days after receiving the report. Review team members will be consulted to clarify any ratings that appear inconsistent with the report narrative.

(2) Transmittal of Report to Contractor – The Review Team Coordinator will make the stipulated report changes within 10 days after receiving comments from the Review Board, and will transmit the updated report to the Review Board, Contracting Officer and contractor. If no corrective actions are required, the contractor will contact the Review Team Coordinator within 30 days to acknowledge receipt of the report, and at this time may comment on the contents of the report or the overall rating received. If corrective actions are required, the contractor will declare either agreement or disagreement with the binding recommendations in the report. If the contractor is in agreement with the findings, he/she will report back to the Review Team Coordinator on the steps taken to comply with the binding recommendations within 30 days of receiving the facility review report. For each action that the contractor does not expect to complete within 30 days, a written action plan identifying target dates for completing each major step will be developed and included in the report. The Review Team Coordinator will review the contractor administrator's response to ensure that it is complete and that all required corrective actions have been taken, or that an action plan has been developed to remedy significant findings within 90 days of the facility review report's issue. The facility Review Team Coordinator will forward all appropriate facility review documentation to the Contracting Officer, as necessary.

(3) Appeals of Review Findings – If the contractor disagrees with any finding, binding recommendation, or performance rating, he or she will submit a formal written appeal to the Review Board within 30 days of receiving the facility review report. In this appeal, the contractor will explain why a rating or finding is unjustified, or why a required action cannot or will not be taken. In the latter case, the contractor will suggest alternative methods of correcting the deficiency or of improving the program. The Review Board will evaluate the appeal and, if necessary, will discuss its merits with the review team. Within 30 days of receiving the appeal, the Review Board will decide whether to accept or deny the appeal and will send formal written notification of this decision through the Contracting Officer to the contractor and review team. If an appeal is accepted, the Review Team Coordinator will amend the facility review report to reflect approved changes. After decisions have been reached on any appeals, the Review Team Coordinator will distribute copies of the final version of the facility review report to all involved parties. The contractor will implement corrective actions and develop action plans for corrections that cannot be completed within 30 days. Corrective actions described by action plans will be completed within 90 days of the facility review report's issue.

(i) Follow-up Review

(1) Communication of Corrective Actions Needed – For each action that cannot be completed within 30 days, the contractor will develop a written action plan identifying target dates for completing each major step. All actions will be completed no more than 90 days after the issue of the final review report. The contractor will send the action plans to the Review Team Coordinator and Contracting Officer within 30 days of the final facility review report's issue. The Review Team Coordinator will review the action plans and will determine whether they will adequately address the underlying deficiencies.

(2) Review of Completed Corrective Actions – The contractor will implement all corrective actions specified in the final team report and will formally document the actions taken, sign this document, and submit it to the Review Team Coordinator or other designated monitor. After receiving documentation of completed corrective actions and action plans from the contractor, the review team will determine whether to conduct one or more follow-up reviews to verify firsthand that the deficiencies have been remedied. Follow-up inspections will be conducted within 30 days of receipt of documentation from the contractor. This inspection will focus only on the program(s) affected by the corrective actions. The Review Team Coordinator will verify that the documentation provided by the contractor is accurate and that the corrective actions taken do not reduce facility performance in other areas below an "Acceptable" level. The Review Team Coordinator will hold a closeout meeting with the contractor at the end of the follow-up inspection to discuss its preliminary conclusions.

(3) Follow-Up Review Report – No later than 14 days after the end of the follow-up inspection, the Review Team Coordinator or monitor will prepare a formal written report presenting the results of the follow-up review, and will submit this report to the contractor and Review Board. If no on-site review is done, the report will be completed within 30 days of receipt of documentation from the contractor. This report will indicate whether the corrective actions sufficiently improve the affected facility programs to an "Acceptable" performance level or better. If the Review Team Coordinator or monitor deems that facility changes are adequate,

the follow-up review and facility review will be closed, and the Contracting Officer and the contractor will be notified of the closure. None of the performance ratings for facility programs will be altered as a result of the follow-up review, no matter how well the facility addresses its deficiencies, and the next facility program reviews will be scheduled according to the procedures described previously.

(4) Appeals of Follow-Up Conclusions – If the Review Team Coordinator or monitor concludes that the corrective actions taken by the facility are inadequate to bring the reviewed facility programs to an “Acceptable” performance level or better, the contractor will be given 10 days to appeal this conclusion. To lodge an appeal, the contractor will formally submit a written letter detailing any flaws in the follow-up analysis and explaining why the facility’s improvements meet the corrective actions prescribed. The Review Board will weigh the appeal and issue a decision no later than 10 days after receiving it. The follow-up review report will be amended to reflect the Review Board’s decision, if the Review Board agrees with the contractor’s argument. The follow-up review and facility review will be closed and the Contracting Officer and the contractor will be notified of the closure. The next facility program reviews will be scheduled.

(5) Filing and Retention of Review Report – When a facility review is closed, all reports completed as part of the facility review—including completed and closed follow-up review reports—will be included in the facility review file. An inventory of reports other background information regarding the facility’s performance that were collected from other agencies during the pre-inspection preparation phase will also be kept. The government will retain these support documents and all working documents generated during a facility review in accordance with requirements in the FAR. Only one review file and set of support documents will be retained for each facility. After the retention period has elapsed, the government will archive the working documents in accordance with government regulations.

E.6 INSPECTION BY REGULATORY AGENCIES

Work described within the contract is subject to inspection by other regulatory agencies. The contractor shall respond to all requests for information and inspection or review findings by regulatory agencies.

E.7 PERFORMANCE EVALUATION MEETINGS

The contractor's representatives shall meet with the USMS COTR and the CO on a regular basis as determined necessary by the CO. These meetings will provide a management level review and assessment of contractor performance, a discussion and resolution of problems, and, if applicable, a draft of the contractor's proposed invoice. A mutual effort will be made to resolve all problems identified. The contractor is responsible for the preparation of the meeting minutes. The contractor’s representative shall sign the written meeting minutes and OFDT's or USMS representative.

E.8 INSPECTION AND RECEIVING REPORT

(a) The contractor shall prepare an original invoice plus two copies. (See Section G for invoice preparation.) The Original Invoice shall be furnished to the USMS COTR. An additional copy of the invoice, clearly marked as an Information Copy, shall be submitted to the CO to increase efficiency in the certification process.

(b) Upon receipt of a proper invoice, the USMS COTR will certify that the services were satisfactorily performed and forward to the CO for coordination.

This contract is subject to the written approval of the Department of Justice, OFDT and shall not be binding until so approved.

I.3 52.215-19 NOTIFICATION OF OWNERSHIP CHANGES (OCT 1997)

The Contractor shall make the following notifications in writing:

(1) When the Contractor becomes aware that a change in its ownership has occurred, or is certain to occur, that could result in changes in the valuation of its capitalized assets in the accounting records, the Contractor shall notify the Administrative Contracting Officer (ACO) within 30 days.

(2) The Contractor shall also notify the ACO within 30 days whenever changes to asset valuations or any other cost changes have occurred or are certain to occur as a result of a change in ownership.

(b) The Contractor shall --

- (1) Maintain current, accurate, and complete inventory records of assets and their costs;
- (2) provide the ACO or designated representative ready access to the records upon request;
- (3) ensure that all individual and grouped assets, their capitalized values, accumulated depreciation or amortization, and remaining useful lives are identified accurately before and after each of the Contractor's ownership changes; and
- (4) Retain and continue to maintain depreciation and amortization schedules based on the asset records maintained before each Contractor ownership change.

(c) The Contractor shall include the substance of this clause in all subcontracts under this contract that meet the applicability requirement of FAR 15.408(k).

I.4 52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months.

The Contracting Officer may exercise the option by written notice to the Contractor within the current performance period.

I.5 52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 60 days; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 20 years.

I.6 52.252-6 AUTHORIZED DEVIATIONS IN CLAUSES (Apr 1984)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of “(DEVIATION)” after the date of the clause.

(b) The use in this solicitation or contract of any Department of Justice clause with an authorized deviation is indicated by the addition of “(DEVIATION)” after the name of the regulation.

Functional Area Ratings

Overall Performance Ratings¹

Excellent - The level of performance exceeds the requirements of the FPBDS with exceptional internal controls. Policies and procedures for achieving the program standards are documented and specific to the mission of the facility; the policies and procedures are communicated to staff; fully implemented; and the desired outcome is achieved. Key Findings and Deficiencies are non-existent.

Good - The level of performance exceeds the requirements of the FPBDS. Internal controls limit Key Findings and Deficiencies. Policies and procedures for achieving the program standards are documented and specific to the mission of the facility, the policies and procedures are communicated to staff, implemented and the desired outcome is achieved. Key Findings and or Deficiencies are minimal and do not affect the performance of the facility.

Acceptable – The program is meeting the requirements of the FPBDS. Lapses in internal controls are minimal. Key Findings and Deficiencies do not affect the performance of the facility.

Deficient – The program is unable to meet the requirements of any one of the 19 Key Functional Areas or one or more of the 58 Standards. Deficiencies are the result of weak internal controls in one or more areas. The facility is meeting the minimal requirements of the performance standards.

At-Risk – Operation of the program is impaired to the point that the facility is unable to accomplish its mission. The program is unable to meet the requirements of the FPBDS and is unlikely to meet those requirements without immediate corrective action to ensure the safety and security of both staff and detainees.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$3.50 per hour or \$140.00 per week or \$606.67 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining

agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

Prisoner Rape Elimination Act Reporting Information

SEXUAL ASSAULT AWARENESS

This document is required to be posted in each Housing Unit Bulletin Board at all Contract Detention Facilities. This document may be used and adapted by Intergovernmental Service Agreement Providers. While detained by the Department of Justice, United States Marshals Service, you have a right to be safe and free from sexual harassment and sexual assaults.

Definitions

A. Detainee-on-Detainee Sexual Abuse/Assault

One or more detainees engaging in or attempting to engage in a sexual act with another detainee or the use of threats, intimidation, inappropriate touching or other actions and/or communications by one or more detainees aimed at coercing and/or pressuring another detainee to engage in a sexual act.

B. Staff-on-Detainee Sexual Abuse/Assault

Staff member engaging in, or attempting to engage in a sexual act with any detainee or the intentional touching of a detainee's genitalia, anus, groin, breast, inner thigh, or buttocks with the intent to abuse, humiliate, harass, degrade, arouse, or gratify the sexual desires of any person. Sexual abuse/assault of detainees by staff or other detainees is an inappropriate use of power and is prohibited by DOJ policy and the law.

C. Staff Sexual Misconduct Is:

Sexual behavior between a staff member and detainee which can include, but is not limited to, indecent, profane or abusive language or gestures and inappropriate visual surveillance of detainees.

Prohibited Acts

A detainee, who engages in inappropriate sexual behavior with or directs it at others, can be charged with the following Prohibited Acts under the Detainee Disciplinary Policy.

- Using Abusive or Obscene Language
- Sexual Assault
- Making a Sexual Proposal
- Indecent Exposure
- Engaging in Sex Act

Detention as a Safe Environment

While you are detained, no one has the right to pressure you to engage in sexual acts or engage in unwanted sexual behavior regardless of your age, size, race, or ethnicity. Regardless of your sexual orientation, you have the right to be safe from unwanted sexual advances and acts.

Confidentiality

Information concerning the identity of a detainee victim reporting a sexual assault, and the facts of the report itself, shall be limited to those who have the need to know in order to make decisions concerning the detainee-victim's welfare and for law enforcement investigative purposes.

Report All Assaults!

If you become a victim of a sexual assault, you should report it immediately to any staff

person you trust, to include housing officers, chaplains, medical staff, supervisors or Deputy U.S. Marshals. Staff members keep the reported information confidential and only discuss it with the appropriate officials on a need to know basis. If you are not comfortable reporting the assault to staff, you have other options:

- Write a letter reporting the sexual misconduct to the person in charge of the United States Marshal. To ensure confidentiality, use special (Legal) mail procedures.
- File an Emergency Detainee Grievance - If you decide your complaint is too sensitive to file with the Officer in Charge, you can file your Grievance directly with the Field Office Director. You can get the forms from your housing unit officer, or a facility supervisor.
- Write to the Office of Inspector General (OIG), which investigates allegations of staff misconduct. The address is: Office of Inspector General, U.S. Department of Justice, 950 Pennsylvania Ave. Room 4706, Washington, DC. 20530
- Call, at no expense to you, the Office of Inspector General (OIG). The phone number is 1-800-669-4499

Individuals who sexually abuse or assault detainees can only be disciplined or prosecuted if the abuse is reported.

Attachment One

If the changes made to the policies are initiated or generated by CCA's own continuous annual up-date and review/revision of policies, procedures and operations, those policies should be submitted to the Office of the Federal Detention Trustee (OFDT) at the following e-mail address: DSCD.Detention.Programs.Division@USDOJ.GOV. Additionally, information need to be provided regarding "what was specifically changed (language, procedure, additions, deletion, etc.) and exactly where in the policy the new revision occur. Each policy submitted to OFDT for review consideration must have the aforementioned accompanied information. Policies which are forwarded without this information will be returned with a request to provide the necessary information.

CCA Facility Policy Review Workflow: shall provide for a corporate point of contact for policy submissions. Policies will be submitted singularly to OFDT, via OFDT Detention Standards & Compliance Division's resource mailbox: DSCD.Detention.Programs.Division@USDOJ.GOV. Policy submissions shall contain a naming convention (i.e., Special Housing Unit Policies) in the subject e-mail and need to be detention facility specific. The policy or procedure should be contained within a single PDF file which clearly identifies the policy changes.

Policies unrelated to detention standards do not require the contracting officer's approval. Policy changes which do not impact the actual implementation of the policy (e.g., redesigned forms) do not require OFDT's approval. Changes in policies which do not affect United States Marshal Service prisoner populations not included by the OFDT contract do not need to be submitted to OFDT.

If the policy change occurs in response to and as occurs as a result of a finding during a Quality Assurance Review, then the policy submitted for consideration should be submitted as attachments as part of CCA's corrective actions which are submitted to the OFDT contracting officer.

*****ALL OTHER TERMS AND CONDITIONS SHALL REMAIN UNCHANGED*****

(Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining

agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE (Standard Form 1444 (SF 1444))

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. (See Section 4.6 (C)(vi)) When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$3.81 per hour or \$152.40 per week or \$660.40 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

- (1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;
- (2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;
- (3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or
- (4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining

agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE (Standard Form 1444 (SF 1444))

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C) (vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

Section 3 - Contract Clauses

Clauses By Full Text

1. 52.232-18 Availability of Funds (APR 1984)

Funds are not presently available for this contract. The Government's obligation under this contract is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are made available to the Contracting Officer for this contract and until the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer.

2. Continuing Resolution

The USMS is currently operating under a Continuing Resolution. Funds are available during a CR only up to the amount authorized. The amount of funds available for Housing Detention Services is \$501,954.48 which allows for contract performance of services identified in the contractual line items through December 11, 2014. The USMS's obligation beyond this dollar amount and date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the USMS for any payment may arise for performance under this contract beyond this date until funds are made available to the Contracting Officer and until the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer. Remaining funds will be made available under subsequent CRs or upon enactment of the FY15 budget.
